I'm weaker
 My worlds fall and they hit the ground
 All life come on here
 Don't you fail me now
 I start to say
 I think I love you but I make no sound
 Oh cuz all all my life ive
 Been waiting for a girl like you to come around

Under the lights tonight
 Turned around, and you stole my heart
 Just one look, and I saw your face
 Fell in love
 Take a minute girl, steal my heart tonight

Just one look, yeah
 I'm waiting for a girl like you
